Ten Real Ale Pubs of Excellence in

Manchester City Centre

Manchester Pub Walk City Centre

By A J Walker

The real ale pubs are a bit spread out in Manchester for my normal ten pubs, so I've had to add the locations for selected others in between so you don't get dehydrated between pubs!

For example personally I love the Knott whilst the Marble is a must visit – that's about 1.5 miles and some busy road crossings.

This suggested walk is from the Knott (good for stomach lining too I suggest!) and is handy if you are getting off a train at Deansgate Station – if you are getting off at Manchester Oxford Rd then the Lass or Peveril maybe an alternative starting point. a.

The walk comprises in order:

- Knott Bar
- Cask
- Britons Protection
- Peverill of the Peak
- Lass O' Gowrie
- City Arms
- Mr Thomas's Chop House
- Smithfield
- Bar Fringe
- Marble

The map above should be suitable to guide you around and the wee descriptions overleaf *to be added shortly* include the street and number to further assist. I've put them in a roughly S shape order

here if starting at Knott/Cask and ending at the Marble.

Other nearby pubs worth considering include:

- Crescent
- New Oxford
- King's Head

These three are over the Irwell in a different city, Salford.

- Moon Under the Water
- Paramount
- Rain Bar
- Arndale Market (bottle bar with seating)
- Angel

Enjoy!
